UNI-BODY CONSTRUCTION - FRAME	SUSPENSION SYSTEM		CUSHIONS
<p>All Natuzzi Goup products are produced globally. Many region don't contain any raw materials used in Natuzzi manufacturing, so all raw materials must be imported. Natuzzi has engineered and integrated 4 basic raw materials to build a strong comfortable frame.</p> <p>European Solid Woods The basic "box" or uni-body is made from this material.</p> <p>Engineered Wood Components Composites are a processed wood product that are stronger than many solid woods.</p> <p>Molded Plywood For greater strength and decorative details.</p> <p>Masonite The entire frame is wrapped in Masonite to strengthen it and protect the covering from tearing.</p> <p>Foam The entire frame is covered in foam to protect covering.</p> <p>Natuzzi Group has a limited 10-year warranty on the frame.</p>	<p>European technology is used to create a durable and resilient seat construction using industrial strength polyester/nylon webbing. Wide straps are permanently attached to the frame in a basket weave configuration. The straps tension is gauged by computer to ensure consistency.</p>	<p>Features:</p> <ul style="list-style-type: none"> • Computer gauged tension • Quiet • Modern Technology • 100% Resilient 	<p>According to the design of each model, our craftsmen may use many types of cushioning which perform different ergonomic functions: Foam, Plush Polyester Fiber, and Feathers.</p> <p>Foam Patented and made exclusively for Natuzzi, our foam is created and customized to support sitting weight distribution and ensures individual comfort on each of Natuzzi's models.</p> <p>Plush Polyester Extremely soft and resilient, plush polyester provides extreme comfort at critical points such as arms and lumbar, supporting the most sensitive parts of the body.</p> <p>Feather Sterilized feathers are used in place of polyester fiber in certain models and are encased in a feather proof ticking; a hallmark of high value and remarkable softness.</p> <p>Natuzzi Group has a 2-year limited warranty on cushions.</p>
	<p>Advantages:</p> <ul style="list-style-type: none"> • Design Flexibility • Uniformity in seating • No metal parts to rust or squeak • The most effective technology today. • Restores to its original shape 100% of the time. 		
	<p>Natuzzi Group has a 2-year warranty on suspension system.</p>
